The United States Supreme Court has affirmed the decision of the State Supreme Court in the case of the Tampa Waterworks Company vs. Tampa city, holding that the city has the right to modify the rates paid by consumers.

The Jacksonville Bar Association has passed strong resolutions condemning in no uncertain terms the class of work that has been turned out by the printing concern having the contract for the printing of the Supreme Court reports and the delay that has ensued in completing the work. This printing has been done by the Capital Printing Company of Tallahassee.

"The road from New Smyrna to Daytona," says The Breeze, "is now in fine condition, and will be an ideal drive for automobilists this winter. We invite the visitors of our neighboring cities north of us to take a run down to New Smyrna and take a drive over our nice shell streets and see one of the prettiest towns in Florida. We have much here to attract the sight-seers besides our shell streets, as this is one of the oldest settlements in the United States."

There is evidently no truth in the statement that the water hyacinths are spreading on the lower canals of the Florida Coast Line and Transportation Company, for the Delray correspondent of The Miami Metropolis says: "Capt. George G. Gleason of St. Augustine, who spent last Wednesday in town and took a trip down so far as Hillsboro Inlet, looking up the rumor in regard to water hyacinth being in the canal, found only lettuce, which will do no damage."

No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

Spent No Money Says McClellan. New York, Nov. 15.—In a certificate filed yesterday in the county clerk's office, Mayor George B. McClellan asserts that he spent nothing in the recent campaign. He says: "I contributed no money nor did I expend any money directly or indirectly by myself or through any other person in aid of my election."

If the Baby is Cutting Teeth Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Monument at Arlington.

Washington, Nov. 15.—Plans for the raising of funds to erect a monument in Arlington cemetery to the Confederate dead are to be formulated by a joint committee from every Confederate organization in the District of Columbia, at a meeting for that purpose to be held shortly. A sculptor, whose name is withheld for the present, has offered to design the monument without compensation. The cost of the construction and erection will be placed at between \$15,000 and \$20,000, to which fund it is proposed to ask contributions from all Confederate societies of the south. The monument will be placed in the reservation for Confederate dead in the national cemetery.

Western Money Aids Wall Street.

Chicago, Nov. 15.—Chicago bankers express considerable satisfaction over the money market although in New York there may be apprehension by market interests. The high rates in the east have resulted in a great deal of western money finding its way to Wall street. A continuance of this situation will work to the disadvantage of the western commercial borrowers. These quotations are as high usually as commercial interests expect to pay in times such as these. A prolongation of 10 or 20 per cent rates in New York would attract so much money from Chicago and other western points that business papers would meet with difficulty in being placed.

Keep Your Head Clear

And your stomach free from indigestion if you would be happy with your family and your fellow-men. The current thing on earth to get a man's system out of whack is heavy, sugary bread, which is caused by several reasons. First, the material may not be good; second, the cooking may be poor. The best food in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long run" is known how to mix and bake it. Our bread does not cost any more than home-made, and is equal to it in so much more palatable.
